### Monogram

The bride's initial goes first in a monogram. When the bride takes the groom's last name, the order is: bride's first initial, shared last initial (usually larger), groom's first initial. Please Note: When a date is added below the monogram we will use the Roman font for the date text.

A monogram consisting of the letters 'L', 'R', and 'R' intertwined in a decorative, calligraphic style. The 'L' is on the left, the first 'R' is in the middle and larger, and the second 'R' is on the right.
